30 DAYS, 30 DAYS, 30 DAYS

. . . that's how long before any election a person must now register if he intends to vote in that election.

Last week our typewriter slipped and it came out three days which upset some people. We've had 31 days before, but will repeat it since the City and School election are upon us.

Which means if you plan on voting in the City and School elections then you must register no later than March 1. And that is only a few days off.

WE SINCERELY HOPE

. . . and pray that Coach Nelson Bippert's stay in the hospital will be a short one and that he will be "up and at us" again soon. As of Wednesday morning we understand that he is resting comfortably.

YOUR ATTENTION

. . . is directed to the Letter-to-the-Editor page where Joe Pitre holds forth with his rebuttal to my column of several weeks ago. My first reaction was to tell him to take his garbage to the city dump, but I finally told him I would run it. Therefore, you can see what he has to say by turning to page two.

BOBBY NESTER

. . . asked me the other day why the Anvil Herald does not carry the list of buyers of livestock at the Medina County Junior Livestock Show.

The question is a good one and I have been asked it by others in the past. And even though I did not have much success explaining it to them, I'll try again here.

I would say that the most important phase of a junior livestock show is the "selling"; and the most important people contributing to this are the buyers, aside from the young people who have exhibited the animals.

Without buyers, I doubt seriously if any show would succeed.

So I contend that the Livestock Association should recognize this fact and set aside an amount of money (and the figure probably would not exceed \$200) to show their appreciation to the buyers by placing an advertisement in the three county papers (Hondo, Castroville and Devine) publically listing and thanking them for contributing to the success of the show.

I do not believe it is the obligation of the newspapers to publicize the buyers at these shows. I know many newspapers do. I also know that many associations run ads thanking the buyers and showing appreciation that they make the shows a success.

As a business, the Hondo Anvil Herald has only space for sale. And I feel that the amount of space we gave the Junior Livestock show was our contribution, in addition to the small amount we put in the buyers' pool.

In advance and post show publicity we ran 19 pictures (many of which were given us by the Junior Livestock Association through their official photographer Father Victor), and several stories. All totaled 314 inches of space. At the going rate of advertising that amounted to \$351.68. I believe we did our part in making the show

One last note: in past years we have run buyers of Grand and Reserve Champions as being newsworthy. This year they were not included in the regular story. They will be found somewhere in this week's paper. TRUER WORDS

. . . were never spoken than the ones which appeared on the front page of the January issue of PRINTING IMPRESSIONS. These words says that profit builds people and spelled out BUILDS PEOPLE by using the first letters of each word in this manner: Buys tools, Upgrades work, Inks paychecks, Lifts morale, Develops growth, Speeds research, Protects jobs, Earns bo-

An article appeared in the Anvil Herald on January 27. 1972 in which it was inferred I had not kept my word to the Citizens of Medina County.

First I would like to say that at the time I gave my message, my foremost concern WAS the Citizens of Medina County and first on my mind was my obligation to them to remove the stigma of a thrompt-up charge against me and to regain the thrust and confidence the community had placed in me, which trust and confidence were being smeared by certain unethical parties.

I kept my word to the people of Medina County and cleared myself in the hope that same trust and confidence given to me before this incidence would again be placed at my side.

Social Security

The first three months of 1972 are very important to individuals who are not enrolled for medical insurance benefits under Medicare. This may be the last chance for many people to obtain this protection which helps pay for doctors bills.

The general enrollment period in which medical insurance can be obtained covers the first three months of 1972--January, February, and March. A person who became age 65 in September 1968 or earlier and had never enrolled for medical coverage is no longer eligible. Anyone who became age 65 in October 1968 through September 1969 and had never been enrolled must enroll during this general enrollment period because this is the last chance to get this medical insurance.

A person who had medical insurance that terminated may be eligible to reenroll. For further information about this and other important matters, see your social security representative when he is in your area.

shopping begin? Shopping is the act of searching for and inspecting

goods for purchase.

When does

The merchant who assumes that shopping begins when a consumer goes downtown makes a serious mistake in merchandizing.

Shopping may begin weeks or months before a consumer enters a store. In fact, the shopping may be completed when the visit to town is made.

Shopping may begin in many places. It may begin in a national magazine. It may begin in the homes of neighbors, when a woman looks over recent purchases of other housewives.

Most frequently, shopping begins in the advertising columns of the local newspaper. And, regardless of the starting place, the shopper will, at some point, consult her local newspaper. The newspaper is likely to be the final marker which points the shopper to a particular

This is a strong claim for newspaper advertising. On what is it based? The newspaper is a key force in local shopping:

(1) Because only newspaper advertising provides a comparative record of the offerings of various

(2) Because only newspaper advertising gives in detail information on payment plans, specifications of products, and special local services;

(3) Because only in the newspaper can a consumer expect to find a simultaneous evaluation of the local market;

(4) Because only in the newspaper can a consumer obtain such complete information in her home, at her convenience.

Today many persons try to make profit sound like a dirty word. But if there are no profits, there certainly are fewer businesses and industries. And to make a profit a company must receive from every worker an hour's work for an hour's pay. For without production there is no profit. And without profit there are no jobs.

Tying in perfectly with this is the fact that a business must be paid for what it produces or sells. Today there are more delinquent accounts than at anytime in the history of our nation.

Deborah Buttler, Ray Gentry married in SA ceremony

Miss Deborah Kaye Buttler and William Rayburn Gentry, Jr. were married in a double-ring ceremony at four o'clock Saturday afternoon, Jan. 29. in St. Matthew's United Methodist Church in San Antonio. Officiating were Chaplain (Lt. Col.) William Rayburn Gentry, Sr., father of the groom, and Rev. Jack C. Bush, Sr.

The bride is the daughter of Mr. and Mrs. Marvin Ray Buttler of San Antonio. Parents of the bridegroom are Chaplain (Lt. Col.) and Mrs. William Rayburn Gentry, Sr. of Memphis, Ten-

Traditional nuptial selections were played by Mrs. John E. Sexton at the organ, who accompanied the soloist, Mrs. Jack C. Busch, Sr., as she sang "A Time for Us".

Entering with her father, the bride wore a gown of candlelight dulcet satin. The bodice featured a sheer yoke pattern duchess neckline designed of English net appliqued with Alenton lace, Long sheer sleeves were designed with a ruffle. The Aline skirt, which swept to the back accented with the alencon lace appliques,

This week

That's all she wrote

by Edna McDade

Last week I attended the board meeting of the Medina County Museum--to keep current on the planning that is leading to our annual Mu ,m Day which is just ahead on Saturday, May 6. The intervening ten Saturdays will whiz by and there is much to be done.

When members were discussing the how-whenwhere of various responsibilities and seeking solutions, NORA WINKLER suggested all in fun: "I move we all procrastinate at the same time."

As everyone who knows our Nora knows, she is one of our most enthusiastic and dedicated volunteer workers. We could use more like her and we need all the help we can get. Who's next?

If the first Martin scouts arrive, can Spring be far behind? My good neighbor, CHRISTINE (Mrs. Armine) ROTHE, told me that Mrs. THEO CAME-RON steadfastly maintains that Valentine's Day is M day in Hondo. And, sure enough, Mrs. C had called to say she saw one investigating the housing situation at 401 19th Street, right on schedule Feb. 14th. Welcome, Skeeter-Eaters!

Sometime during the basketball season, PAULA (Mrs. BEN Sr.) GRAFF and I were discussing the subject. She told me that she and BEN claim "highest" honors for having a grandson player who tops the tape measure at 6'6". He is RON-ALD, son of Mr. and Mrs. THOMAS ("Tutta") HAINES. Ron, a McAllen Hi senior, shows real promise of getting up in the world.

MARY ANN, all smiles and ringlets, is $2\frac{1}{2}$ and the youngest of the ten children of FRANK and E-NEDINA GUEDEA. She was accompanied by her grandmother, NIEVES (Mrs. Pedro) GARZA, who told me that she is very proud of all her grandchil-

HONDO found its way into a recent "Dear Abby" syndicated column. NOVELLA (Mrs. Levis) FORD shared the item with me which she had received from a cousin who lives in Baltimore.

Two Hondo parents wrote to request that mention be made of "inconsiderate children who reach maturity but who still depend on parents to finance their bills and never repay the loans."

The letter continues "We love them and do not wish to alienate them by being too blunt."

The reply made no bones about the matter: "Don't worry about alienating them. Let them worry about alienating you!"

And perhaps the families concerned will see how fast "news" travels, via Baltimore to Hondo in our traditionally small world.

LORETTA, 5-year old daughter of ALICE and DAVID NEUMANN, will be entering kindergarten this fall -- which might explain her patronizing-sisterly introduction of her brother Drew: "He's only four!"

At church Sunday, I shared a pew with HAY-LEY, 6-year old first-grader, and her mother, EDNA (Mrs. Gene) HARRISON, both of whom I met for the first time. They are among our newer Hondoans and Gene is employed in the city's electric system department. Their son, ROBERT, is

Hayley followed the service reverently, reading all the responses and joining in the hymns big w ords and all. With this early dedication to learning, some future HHS graduating class might even now be grooming its own Valedictorian!

Less than a year ago, ANNE MICHELE was the very little daughter of ALBERT and RITA VANCE. Now she is the Big Sister of MARK XAVIER who himself gained status as a one-year old on Feb.

Rita told me that Mark and his paternal Grandtarner FRANK have "something going" in their mutual admiration society. Both share the same middle name which could help to Xplain their tie-that-binds.

I'm not sure this applies to present day rivals in party politics but this comes from the Times-Republican, Marshalltown, Iowa: "Often he who hesitates is darn glad he did."

> "The successor to the thumbtack". Has thousands of uses. We have them in several colors.

Boy Scouts to change structure

SAN ANTONIO -- Scout leaders of the Alamo Area Council this week announced a restructuring of Scouting organizations on national and local levels, including Hondo and Medina County.

On the local council level, the reorganization involves realigning Bee and Live Oak Counties from the Alamo Area Council to the Gulf Coast Council. Indications are, however, that additional realignments of councils in South and West Texas are being eyed.

Council President Louis H. Stumberg revealed that geographical realignments on a national scale have eliminated the former "Regions" by number to designations by location.

Alamo Area Council, formerly in Region 9 head-quartered in Dallas, will now be part of the South Central Region with offices in Dallas, Larger than the former Region 9, South Central is adding all of Arkansas and Louisiana, retains Oklahoma, Texas, New Mexico and northeast Arizona, and drops southeast Utah.

Former Natalia resident passes away in SA

A. R. Pankey, 38, of 226 W. Palfrey St., San Antonio, died late Friday, February 11, 1972, from injuries received in a two-car collision on U.S. Highway 87 south of Fredericksburg.

He was the son of Mr. Ruel Pankey of San Antonio and the late Annie Mae Pankey, who preceded him in death in 1971.

Quarantine lifted on hogs

The hog quarantine has been lifted in Medina County and other affected counties, according to a release from County Agent Glenn

"This means that hogs can be moved to slaughter without permits, " Bragg said. "Additional information on this may be obtained by calling my office in Hondo at 426-2233."

Mr. Pankey was an employee of Louis Blank Service Station. He was a former resident of Natalia and attended the Natalia School.

He is survived by his wife, Mrs. Marjorie Pankey, of Poteet; three daughters, Tina Pankey of Moore, Wanda Ann and April Sue Pankey of Poteet; two sons, A. R. Pankey and Dell Pankey of Moore; one granddaughter, Terry Lynn Pankey; five

nieces and one nephev. Also, his father and two sisters, Mrs. Marvin Yarbrough and Mrs. Dorothy Uhlig and one brother, Wesley Pankey, all of San Antonio.

Funeral services were held Monday afternoon, February 14, at Hurley Funeral Chapel in Devine with Brother Ted Ware, minister of the Highland Hills Church of Christ in San Antonio, officiating. Burial was in the Evergreen Cemetery in De-

Jake's Nursery Highway 90 West Hondo, Texas

NOTICE AFFORDING OPPOR-TUNITY FOR PUBLIC HEAR-ING CORRIDOR AND DESIGN

The Texas Highway Department is planning the construction of Farm to Market Road 1283 in Medina County from the end of FM 1283, 6.5 Miles West of FM 471. North to the end of FM 1283 at the Bandera County Line.

The proposed project involves the construction of a new Farm to Market road along the general location of an existing county road and closes the gap between the existing sections of FM 1283 which adjoin this project on each end. The proposed construction will provide a typical low volume farm to market road design consisting of a two lane, 20 foot width asphalt surface and 120 foot minimum right of way width.

Maps and other drawings showing the proposed location and geometric design and any other information about the proposed project, including environmental studies, are on file and available for inspection and copying at the Resident Engineer's Office at Hondo, Texas, Also, the drawings showing the proposed geometric design have been placed on file with Medina County.

Information about the State's Relocation Assistance Program, the benefits and services for displacees and relocation assistance office as well as information about the tentative schedules for acquisition of right of way and construction can be obtained at the Resident Engineer's Office.

Any interested citizen may request that a public hearing be held covering the social, economic and environmental effects of the proposed location and design for this highway project by delivering a written request to the Resident Engineer's Office on or before March 10, 1972,

In the event such a request is received, a public hearing will be scheduled and adequate notice will be publicized about the date and location of the hearing.

I want to express sincere appreciation to Sheriff Charles J. Hitzfelder and his Chief Deputy Floyd Williams for their extremely efficient work recovering four guns which were stolen from my place February 14. The two came to my house when I reported the guns stolen, took the serial numbers of the guns, finger printed the place and in less than 24 hours had recovered the guns, through the cooperation of the San Antonio Police. This dedication to duty and the efficiency with which it was carried out gives me a fine impression of Sheriff Hitzfelder and Deputy Williams.

Rif le club meeting set HUNDU CHAPTER

Anyone interested in learning about the National Rifle Association and the possibility of a club in Hondo affiliating with it is invited to attend a meeting in Hondo at 7:30 p. m. Thursday (today) in the Municipal Building.

At one time there was a National Rifle Association charter in the Hondo area, but lack of interest allowed it to become dormant.

"We are interested in reorganizing, " said a spokesman. "And we invite all persons interested in forming a rifle club to attend the
